

Slackline

How to play

- (1) First, try balancing on the line
- (2) When you can balance well, try walking slowly
- (3) It is also recommended for balance training and fitness!

Caution

Please do not touch the metal fittings (ratchet part) of the main unit.

- When children are playing, parents should hold their hands to assist them.
- Do not do anything other than crossing the line.
- Do not do anything else that is restricted by the staff.
